

# DELTA® STEAM SYSTEMS

# STEAM FROM THE COMFORT OF YOUR OWN HOME

Delta® Steam Systems provide everything you need to create the ideal at-home steam experience—whether that's customizability of the SteamScape™ Classic and Deluxe Systems, or the simplicity of the SimpleSteam™ Kit.

# GIVE YOUR BODY A BOOST

Steam can be more than a relaxing escape.  
Discover how the Delta® Steam Systems  
can improve your mental, physical and  
overall wellbeing.

## **SKIN**

Steam can help open up pores and may help rinse away dead skin, dirt and oils.

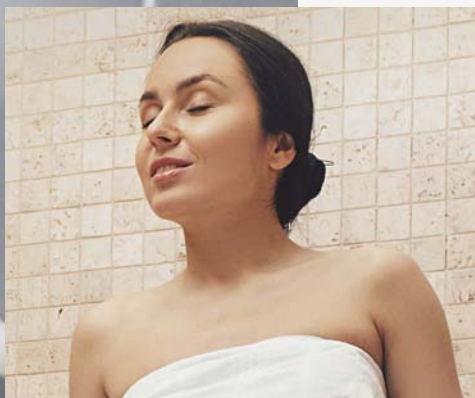

## **MUSCULAR**

Moist heat is useful for post-workout recovery and helps to reduce joint stiffness and increase flexibility.

## **MENTAL**

Steam can promote feelings of relaxation and rejuvenation.

## **RESPIRATORY**

Heated, humidified air promotes deeper, easier breathing.

# AT-HOME STEAM HAS NEVER BEEN EASIER

Create your ideal at-home steam experience  
in a few simple steps.

- 1 CHOOSE A GENERATOR
- 2 SELECT A STEAM PACKAGE
- 3 CUSTOMIZE YOUR STEAM SHOWER  
WITH OPTIONAL ADD-ONS

# STEAMSCAPE™ GENERATOR

Thoughtful innovation for  
better steam

- Available in **5, 7.5, 10, 12, and 15kW** sizes to appropriately fit the size and design of your shower
- **Compact design** allows for easy and accessible storage under a vanity, in a closet or in an insulated attic or basement
- **Proportional Steam Technology** regulates the steam environment without temperature spikes
- Uses **less than a gallon of water** with a 20-minute steam

# STEAMSCAPE™ CLASSIC SYSTEM

Customized steam is the best kind of steam

With the Delta® SteamScape™ Classic System, you can relax knowing you have a steam experience tailored to fit your needs. Featuring two user presets, a wide selection of finishes, and a steadier, more enjoyable steam environment, the SteamScape™ Classic System is here to maximize your calm.

- Steam Control adjusts temperature.
- Steam Head features 360° dispersion and an essential oil reserve on top.

## AVAILABLE FINISHES

Lumicoat™ Chrome

Lumicoat™ Stainless

Matte Black

# INSTALLING YOUR STEAM SYSTEM

## STEAM SHOWER INSTALLATION

- Prior to installation, we recommend professional consultations from plumbers and electricians.
- The shower area—including the ceiling—must be completely enclosed, insulated, tiled and waterproof.
- Ceramic tile, acrylic, porcelain or other non-porous materials are recommended to retain heat.

## GENERATOR SELECTION AND INSTALLATION

- Generators are available for steam showers up to 675 cubic feet with, maximum, 10-foot ceilings.
- The generators' compact design can easily fit in a vanity, closet, insulated attic or basement and can be installed up to 50 feet from the shower area.

## STEAM HEAD PLACEMENT

- Because steam heads are hot while in use, they should be located as far as possible from the bather.
- Steam heads should be mounted 12" to 18" above the finished floor or 6" above the rim of the tub.

**OUR STEAM CONFIGURATOR MAKES IT SIMPLE TO PERSONALIZE YOUR AT-HOME STEAM EXPERIENCE.**

Scan to choose your generator, steam head, controls and more.
